only—that the colony wants money. We must express our belief that Sir Richard MacDonnell would stand in a more advantageous position did he, as do some of the community, openly avow that revenue is the object at which he aims. Did he reverse his terms, and while arguing for revenue adduce the "aid to the police" as a reason for partial or entire condonation of his action, he would at least be quit of the unenviable reputation he is obtaining for a crooked policy in this matter.

George Berkeley, master of the Siamese barque *Guanson*, was fined \$0.25 for having beaten his Chinese cook with a belaying pin. Defendant stated that the cook used an expression to him in Siamese which, if he had been another Siamese, would have likely cost him his life; he only gave him a black eye.

J. M. Hardy Elgin, Customs officer, was

complainant in a charge of larceny against Thomas Robinson (employed).

Elgin's evidence was not of a nature which would edify or instruct were it published;

and the defense set up by Robinson would still less do so.

The facts deposed to were simply the detail of a drunken spree which concluded by the parties interested going "home in the morning," while where they went to it is immaterial to particularise.

Complainant had lost his gold watch and chain, and \$75; he had lost nothing of a \$50 note which Elgin spoke of having missed.

His Honor sharply and firmly "lectureed" both pri-

soners on their general conduct, and dis-

charged the defendant.

Mr Volkman appeared to answer a

charge of assault at the instance of a chair-coolie.

The chair-coolie and his mate were

positive that defendant struck the com-

plainant when he asked for his money;

but the defendant explained that if any one

struck him it must have been Mr Stimpson,

an Englishman, who engaged all the chaires

and paid \$6 in payment of the entire num-

ber.

Complainant had come afterwards

for his share, and had previous to that been

fighting with the other coolies.

His Honor said it seemed, if defendant's story

were true, that this Mr Stimpson had to pay

the complainant, and he therefore remanded the case for his appearance.

policemen.—Prisoner in his defence did not go into details, but said "I was drunk;" which explained everything. He was fined \$3 for the drunken assault and \$1 for the damage, default ten days' imprisonment.

ther stated that he could produce evidence to explain the matter which took place on board; the mate would make that clear.

His Honor remarked that apparently a desire to settle the matter appeared to exist; and he would suggest that an attempt should be made before the defense was gone into. Mr Hazelton remarked that Messrs. Burd & Co. thought the demand too much.

Mr Caldwell, however, asked that the evidence of Captain Carron, Government Marine Surveyor, should be taken.

This gentleman stated that the *Chehal* was stowed as well as any first-class ship which had ever come into this harbor. He did not observe any cases of glass particularly, but his attention was directed to a cask of beer. He examined it, and found that it had been leaking considerably at the chime, and that on measuring about a quarter or a third of the beer was gone.

At this stage, the gun was fired intimating the arrival of the P. M. S. S. Co.'s steamer; and the Court was accordingly adjourned until to-morrow at ten o'clock.

CORRESPONDENCE

THE GAMBLING ORDINANCE.

To the Editor of the "CHINA MAIL."

HONGKONG, 5th October, 1868.

Sir,—Experience seems to teach the Governor nothing. He has learnt nothing by the universal expression of dissatisfaction at his course of excessive legislation, but by the new measure, he has just introduced emphatically declared that whereas he had previously chastised the natives with whips, he now intends to chastise them with scorpions.

Emboldened by no contradiction being given to his statement at a previous meeting of Council, that no plan for regulating the Gambling Houses without raising revenue had yet been proposed, which was worth five minutes' consideration, he now is less anxious to declare his dislike to raise a revenue from them, but on the contrary seems to wish it to be believed that the revenue from that source must in future be looked upon as part of the ordinary income of the Colony.

Now, I emphatically declare that his statement is not true, because the plan I originally proposed and the plan at present in operation differ very little, except in the point that mine raises little or no revenue; and I further distinctly challenge the Governor to show the truthfulness of his assertion that he was perhaps more averse to raise a revenue from Gambling than any man in Hongkong by it once altering his plan to obtain all the profits which a general rule accept the popular theory that all who adopt a policy which creates a Revenue, do so for the sake of that Revenue. Such an inference holds good in most cases, because money is the most general object of men's pursuits, but in what way such a theory can be applicable to myself or my Council is not shown.

To make the argument conclusive, we should be proved interested in drawing Revenue from Gambling Licences, where no revenue of any sort can have the slightest possible interest in the matter beyond our desire in discharge of a duty to the Public to choose the least objectionable evil, whilst personally I prefer to raise by increased taxation whatever additional Revenue may be wanted for purposes that cannot be dispensed with.

I was at first in favour of opening Gambling Houses, believing the Governor's representations upon the subject, but now, from the injury I believe them to be doing to trade, I am as distinctly opposed to them and wish them closed; but to test the sincerity of the Governor's declaration, I wish to point out the very small difference between the two plans.

Post-Office Notifications.

1.—On the 1st October next, and thenceforward Money Orders will be issued at this Office and at the Agencies thereof at Shanghai and Yokohama on all the Money Order Offices in the United Kingdom of Great Britain and Ireland, for amounts not exceeding £10, at the rate of Exchange Current for Each Mail, and charged with Commission according to the following Scale, viz.:—

5.—Applicants for Money Orders must furnish, in full, the surname, and, at least, the initial of one Christian name, both of the Remitter and the Payee; if the Remitter or Payee be a Peer or a Bishop, his ordinary title will be sufficient, if a firm, such as "Baring Brothers," will suffice; but the mere term Messrs., such as "Messrs. Rivington," or the name of a Company trading under a title which does not consist of the names of the persons composing it, such as "Caron Co." is inadmissible.

6.—The Remitter on stating that the Order is to be paid only through a Bank, to have the option of giving or withdrawing the name of the Payee; in such case, the Order will be crossed in the same way that Cheques are commonly crossed when they are intended to be paid through a Bank.

9.—Should the Payee of a Money Order desire to receive payment in the Country in which the Order was issued, at some other Office than that in which the Order was originally drawn, the transfer will be granted, provided the Order be enclosed in the Post-office of the Office in which it was drawn. In such case a new Order will be issued, the Commission chargeable upon which will be deducted from the amount of the new Order.

10.—In the event of a Money Order miscarrying or being lost, a duplicate will be granted on a written application from the Payee, (containing the necessary particulars, and accompanied by an additional Commission) to the Office where the Original Order was payable.

11.—On the receipt of a similar application, orders will be given to stop payment of a Money Order, or to renew a lapsed Order. The additional Commission in the last case will be deducted from the amount of the new Order. Lapsed Orders must be presented with the application for a new Order.

12.—But when it is desired that any error in the name of the Remitter or Payee should be corrected, or that the amount of a Money Order should be repaid to the Remitter, or that a Lapsed Order should be renewed for payment in the Country in which the Order was originally drawn, application must be made to the Chief Money Order Office of such Country. This application, must be accompanied by an additional Commission, unless it has reference to a Lapsed Order, in which case the Commission will be deducted from the amount of the New Order.

13.—Repayment whether of an original, or renewed, or a duplicate Order, will not be made to the remitter until it has been ascertained that the advice has been called at the Office on which the Order was originally drawn.

14.—Payment of an Order must be delayed before the end of the Sixth Calendar Month after that in which it was drawn; for instance, if drawn in January, payment must be obtained before the end of July, otherwise the Order will become lapsed, and a new Order (for which a second Commission, to be deducted from the amount of the Order, will be charged) will become necessary.

15.—If an Order be not paid before the end of the Twelfth Calendar Month after that in which it was drawn,—for instance, it drawn in January, and not paid before the end of the following January—all claim to the Money will be forfeited, unless, under peculiar circumstances, the Post Office of the Country in which the Order was drawn think proper to allow it.

16.—After once paying a Money Order by whomsoever presented, the paying Office will not be liable to any further claim. If a wrong payment, however, be made owing to negligence on the part of any Officer of the Post Office, the Postmaster General of the Country or Colony in which the negligence occurs will, if he see fit, require the Officer in fault to make good the loss.

17.—No Money Order will be paid unless the advice has been previously received.

18.—Additional Rules for greater security against fraud, and for the better working of the system generally will be made as occasion may require.

19.—Should it appear that Money Orders are used by mercantile men, or others, either in the United Kingdom, or at Hongkong, Shanghai, or Yokohama, for the transmission of large sums of money, the British or Colonial Post Office, as the case may be, will consider the propriety of increasing the Commission, and will exercise the power of wholly suspending for a time the issue of Money Orders.

HOLLOWAY'S PILLS & OINTMENT.
HOLLOWAY'S PILLS.

THIS Medicine is universally admitted
to be the most efficacious remedy
known to the world. No preparation is so
suitable to the climates of India and China
as this fine and invigorating medicine. It
is particularly adapted to the constitution
of European ladies, as it is never failing in
its effects in all diseases peculiar to females,
while those who are attenuated by the de-
bilitating effects of the above climates will
find in this wonderful remedy a kind of ta-
lisman whereby they may insure a restora-
tion to robust health.

HOLLOWAY'S OINTMENT.

The science of Medicine has never before
produced any remedy that can be compared to
this wonderful Ointment, as it cures
after all other means have failed, all
wounds, sores, ulcers, and also the most
incurable skin diseases peculiar to the
climates of India and China. It is the true
friend of the Soldier and Civilian, as certain
old sores can be removed by it that
cannot be conquered by any other treat-
ment.
